

BUGFINDERS

Position Title	Graduate or Experienced Project Coordinator
Salary	£18>26k + benefits including medical and pension
Reporting To	Head of Delivery
Location	UK, Cheltenham
The Opportunity	<p>In a world where digital plays an increasingly important part in every business, BugFinders.com, a rapidly growing crowdsourced testing business, a truly unique solution across digital platforms for functional and security testing. Based out of Cheltenham, we help 100's of customers ensure they have the best quality web and mobile applications and are regularly used by leading companies.</p> <p>Joining as a project co-ordinator, you will benefit from a relaxed and informal tech environment, yet we provide opportunities to really support your career and personal development, so you can attain your maximum capability.</p> <p>You will be working with some of the biggest house-hold names supporting and helping them to ensure that they deliver quality results to their customers – the role includes writing tester briefs, ensuring test scripts are to standard, quality checking bug reviews, and writing reports.</p> <p>We are looking for someone who is happy talking to clients, using technical products including our portal and mobile devices and you must be communicative to ensure the projects are delivered correctly.</p> <p>You may currently be working in a different area now, perhaps support or help desk for example</p> <p>You will work in a small team supported by our global community of testers and will get all of the training that you require.</p>
